39 Buses for Auction
1 – GMC Cargo Van

The Spring Branch Independent School District holds a Surplus Furniture and Equipment Auction periodically for the purpose of disposing of items that are either no longer functional or are no longer needed by the various campuses and departments. By state law and school board policy, all surplus must be disposed of in this manner. This auction is held at different times during the year when the volume of items warrants it. Interested parties need to watch the auction advertisements in the Houston Chronicle or periodically check this web site for information on the next sale.

If you have questions regarding the auction procedures for sale items, please e-mail or call Roosevelt Stevenson or Barbara Robillard at the Central Warehouse.
