

Guidelines for Being in a Group

1. I will keep what we discuss private. We call this *confidentiality*.
2. I will wait for my turn to speak, and will listen attentively when others talk.
3. I will not use “put downs”.
4. I can “pass” during go-arounds.
5. I will come to group on time.
6. I will make up any class work I might miss.

Please think about these guidelines. Participation in a group is a privilege. Following these guidelines makes being in a group a very good experience. Please give this some thought, and if you and your parents agree, please sign below:

Student Signature: _____
