

Spring Branch ISD

# Good Neighbor Commitment

*Building Community Participation in Spring Branch ISD Schools*

**To promote, support, and recognize broad-based community engagement efforts to strengthen and unify the Spring Branch ISD community, promote civic pride and increase support for SBISD schools.**

As a **Spring Branch ISD Community Good Neighbor**, \_\_\_\_\_  
adopts the following values. We believe:

- In the students and teachers of Spring Branch Independent School District (SBISD)
- A strong educational system is vital to a successful community.
- The support of a strong community is vital for successful public schools.
- Our investment of time and/or financial support in SBISD schools will increase student achievement and develop healthy, caring and responsible young people.
- Our commitment to maintain a clean, safe environment directly impacts our community and our children.

In support of the above, we agree to communicate and act on these values. We commit to participate in the Good Neighbor Program for the \_\_\_\_\_ school year.

We will fulfill three or more activities from the Good Neighbor Resource Guide (<http://www.springbranchisd.com/partners/gn/gn.htm>) and/or other activities agreed to by our partner campus(es) or department, the Spring Branch Education Foundation, or the SBISD Good Neighbor Committee.
