Please answer the following questions (print or type):

1. What qualities do you possess which enable you to make contributions to the DIT?

I am willing to work with others who are like minded to make decisions that will help our district continue to focus on every child every day.

2. What are the major challenges you see SBISD facing in the next two years?

The major challenges that I see SBISD facing is the use of drugs in our schools and the surrounding neighborhood. And the amount of students we have that may be addicted to any substance.

3. What role do you see the DIT having in addressing these challenges?

we can create programs that will be set up to help these children get clean and sober, as well as partner with spring valley police and the SBISD police to help us in this endeavor.

Spring Branch Independent School District

4. Please discuss any issue/concern/observation you have that has not been addressed.
