## District Update

Dr. Jennifer Blaine opened the meeting with a district update.

Recent academic performance data shows SBISD is leading both state and national performance measures. Highlights include:

- Thirteen (13) SBISD campuses were rated " $A$ " in 2019. While this number remained the same in 2022, the number of earned distinctions doubled.
- Four (4) SBISD campuses were rated " $F$ " in 2019. There were no " $F$ " campuses in 2022.
- Student PSAT scores are 30-50 points ahead of the state averages.

Dr. Blaine also reviewed the classroom neutrality policy that was communicated to all campuses and parents this week. This action brings our practices into alignment with existing Board policies regarding employee speech. Classroom spaces must remain neutral, and displays of religious or political beliefs/affiliation are allowed only within the employee's personal workspace or on their person. Student speech is not subject to the same limitations. Questions may be addressed to campus Principals or submitted via the Let's Connect feature on the district's website.

## Approval of May 2022 Minutes

Amy Accardo, Events and Engagement Facilitator, asked members who were in attendance at the May 2022 meeting to review and approve those minutes. Dominique Harvey made a motion to approve, and Mary Chamberlain seconded. Seventeen members voted to approve and no one opposed.

## ESSER III Update

Lawanda Coffee, Director for External Funding and Compliance, provided an update on ESSER funds, including funds available in ESSER II and III, and the related reporting requirements for each. There will be another update in six months.

Intervention Services Director, Julie Baggerly, reviewed the results of summer programming, which provided more time for learning. Four student camps were offered, and Ms. Baggerly briefly shared attendance figures and parent/student feedback from each.

## Development of 2023-24 and 2024-25 Academic Calendars

Dr. Lance Stallworth, Executive Director for Student Support Services, reviewed the process of building the district's academic calendars. Using Board-approved calendar parameters, a subcommittee of the DIT worked over the summer to build two initial calendar options for review at this meeting. DIT members spent the remaining meeting time reviewing and discussing these calendars and asking clarifying questions. Dr. Stallworth made notes to seek more information on a couple of items and bring that back to the October DIT meeting. Once the DIT is comfortable with the two options, calendars will be presented to Senior Staff and a calendar survey will be posted for public comment. The goal is to bring the final recommended versions to the Board in December 2022 for approval.

## Closing

Having no other business, Dr. Stallworth thanked all attendees and adjourned the meeting at 6:46 p.m.
