**Two-year or Four-year Degree**

# Our Goal

**Spring Branch T-2-4**, our single-focused goal, inspires our students, educators, families, and community with a clear vision for student success.

## What does T-2-4 success look like?

Every SBISD graduate will attain a technical certificate, military training, or a two-year or four-year degree.

SBISD will increase the number of students achieving T-2-4 from 44% to 72% by 2022.

Our shared beliefs are at the core of T-2-4.

## We believe a great school system:

***Builds*** on the strengths and gifts of Every Child;

***Provides*** students from poverty the same opportunity for success after high school as students from non-poverty homes;

***Instills*** in Every Child the belief that they can achieve more than they think possible; and,

***Ensures*** that every adult in the system is committed to the successful completion of some form of higher education for Every Child.

# Our Values

## The Spring Branch Way

**The foundation of success, for our students and our school system, is rooted in our Core Values, and these values define the *Spring Branch Way*.**

Our five Core Values affirm who we are, what we stand for, how we treat each other, what we prioritize, and what guiding principles we live by as members of the Spring Branch ISD family.

Our Core Values are easily remembered as The Five C's. They focus us on what matters most and provide a unified sense of purpose.

These essential, non-negotiable ideals and expectations define who we are as Spring Branch ISD, individually and collectively, when we are at our best.

*Our hope is that every member of the Spring Branch family - educators, parents, students and community members - will adopt and share this set of values as we work to best serve students on their educational journey.*
