Please answer the following questions (print or type):

1. What qualities do you possess which enable you to make contributions to the DIT?

I am passionate about ensuring that change and continuity of outstanding education and care for our community and students is kept at the level of which they deserve. I am an eager and focused teacher but also understand the importance of ensuring that our students are doing well not only within the classroom but outside of it as well. I am detail oriented but also know when to take a step back and look at the whole picture.

2. What are the major challenges you see SBISD facing in the next two years?

SBISD is a growing district that is placed within the boundaries of other districts. SBISD (campuses, staff, faculty and all others contributing) will need to work hard to ensure that with the great growth happening in our district that we are able to attain and maintain the high standard of education and services provided to our students and community.

## Spring Branch Independent School District

3. What role do you see the DIT having in addressing these challenges?

The DIT has the ability to pull ideas, experiences and points of view from all corners of our district. Expressly focusing on what is needed, what is attainable and what we can do to achieve that is part of the role of the DIT.

4. Please discuss any issue/concern/observation you have that has not been addressed.  
At this time, I do not see any issue or concern that has not been addressed.
