

Spring Branch Independent School District

Inspiring minds. Shaping lives.

Our Goal: Spring Branch T-2-4

Spring Branch ISD (SBISD) is recognized as a **top public school district** in the state and nation. Our goal is to double the number of students who complete a technical certificate, military training, two-year degree, or four-year degree. This goal, known as **Spring Branch T-2-4**, shapes our work.

We believe a great school district:

Builds on the strengths and gifts of Every Child,

Provides students from poverty the same opportunities for success after high school as students from non-poverty homes,

Instills in every student the belief that they can achieve more than they think possible, and

Assures that every adult in the system is committed to the successful completion of some form of higher education for Every Child.

The Journey to T-2-4

The Learner's Journey is our strategic plan to achieve **Spring Branch T-2-4**. It builds on SBISD's strongest assets – our supportive community and our people – and is undergirded by our sustained commitment to **Spring Branch T-2-4** and **The Spring Branch Way**, SBISD's five Core Values.
